Did You Know?

Studio West offers ballet dancers a 7-week intensive program close to home!

No need to fly, drive, or stay hours from home to experience a quality summer intensive with pre-professional instruction and an expansive class line-up. Available for ballet levels 1 through 6.

Studio West offers a special boys' ballet program!

All summer ballet classes are free for boys! Boys' ballet builds the body by working the cardiovascular system, strengthening muscles, and increasing coordination and agility. It encourages teamwork, offers great opportunities, and builds future leaders by teaching them not to just follow the crowd, but to do what they enjoy.

Studio West has its own exclusive hip hop studio, THE BEAT BOX!

Studio West's dancers have a unique space in which to flourish while gaining foundational knowledge from expert instructors in the South Sound's growing hip hop community.

Studio West has almost everything you need to get started in dance!

To make your life easier, we offer dance apparel for purchase in our studio boutique. From dance shoes, to warm-ups, and even hairnets, we want to make your first day of class as convenient as possible!

Studio West holds a special Developing Artist Workshop and Showcase in the summer!

Our advanced summer intensive features a choreography series, which culminates in an in-studio showcase of new works created by the students. All ages are sure to enjoy this diverse and lively performance, August 24th at 8:00 pm!
