Did You Know?

Studio West offers ballet dancers a 7-week summer intensive program close to home! No need to fly, drive, or stay away from home for weeks to experience a quality summer intensive. Studio West offers pre-professional instruction and a well-rounded class line-up. Available for ballet levels 1 - 8.

Studio West offers a special boys' ballet program!

All summer ballet classes are free for boys! Boys' ballet builds the body by working the cardiovascular system, strengthening muscles, and increasing coordination and agility. It encourages teamwork, offers great opportunities, and builds future leaders by teaching them not to just follow the crowd, but to do what they enjoy.

Studio West has its own exclusive hip hop studio, THE BEAT BOX! Dancers at all levels will have the opportunity to be inspired in this funky-fun hip hop space.

Studio West has what you need to get started in dance! We offer dance apparel for purchase in our studio boutique. From dance shoes, to warm-ups, and even hairnets, we want to make your first day of class as convenient as possible!
